### **A Visit to Science Exhibition**

With the permission of Principal Bhagya Lakshmi Mam , M.Sc Mathematics Students with the faculty of Mathematics Dr. Md. Mastaan ( PG Chairman),. Sk .Parveen and M.V.L Sirisha attended Science Expo at Sri Chaitanya techno School, Machavaram , Vijayawada on the occasion of National Science Day (28-02-2022). Dr.Md.Mastaan was acted as a judge for the Mathematics projects done by the Students of Sri Chaitanya techno School.

An exhibition means a public show of various kinds of articles either for their publicity or for teachings. Man is by nature curious to know the unknown. The exhibition provides some ground to satisfy this need.

A science fair is generally a competition where contestants present their science project results in the form of a report, display board, and models that they have created.

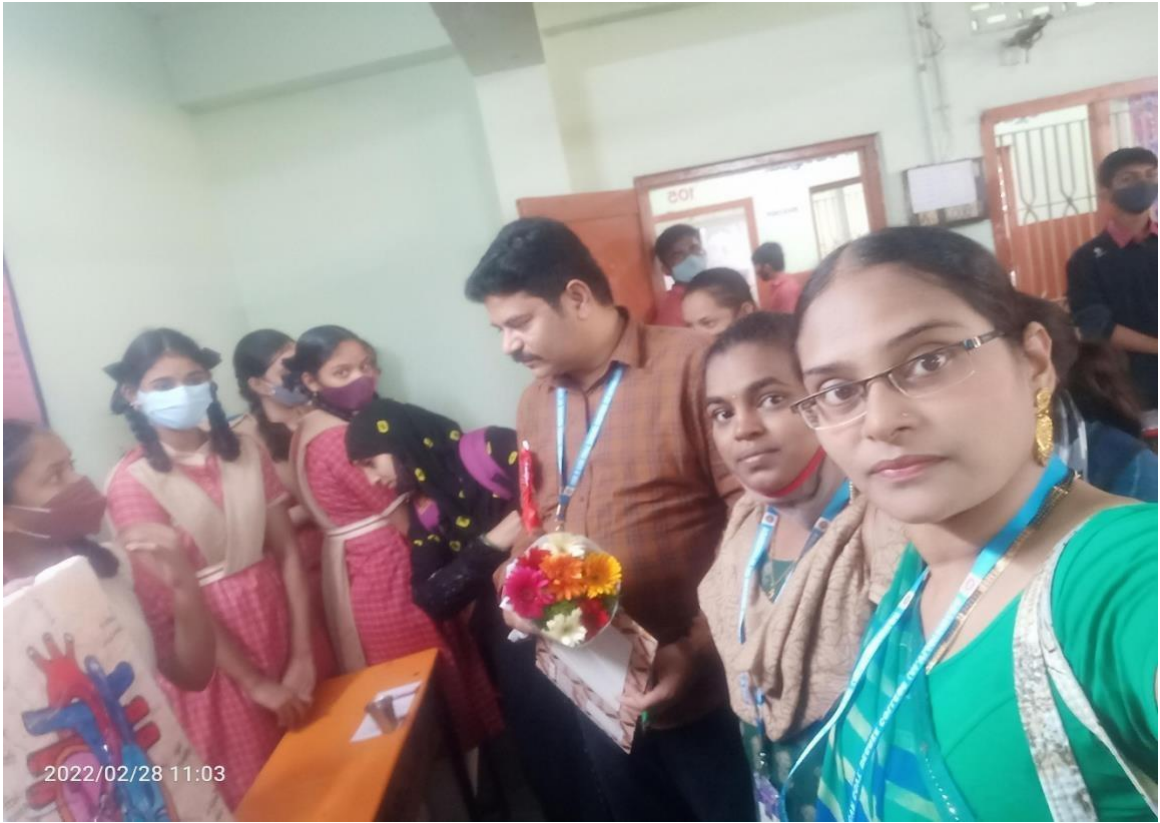

M.Sc Mathematics Students had an occasion to visit science exhibition organized by Sri Chaitanya techno school. All the rooms of the exhibition are decorated with charts. It was arranged in seven big rooms in the school building. The exhibition was opened to all kinds of visitors . The whole compound was beautifully decorated and illuminated. We were astonished to see the inventive brains of the students in the school.

Science fairs allow students in secondary schools and higher secondary schools to compete in science, and technology activities. The models of different appliances invented by school students are worth-seeing. Our College Students observed each and everything exhibited with much curiosity and interest. The most interested was the working of the human body displayed .

Our Students wondered seeing the inventive mind and brain of the school students. It was really a nice experience for all. The working of the heart, digestive system, and other organs of the body were really good.

Students prepared charts to find the Area of a Circle, Area of a Trapezium , finding the solution of a algebraic equations without using pen and paper. There were numerous posters hanging on the walls. These posters contained maps, charts, pictures, diagrams, tables and statements. Students returned home quite enriched in knowledge.

Signatures of the faculty members attended

1. Dr. Md. Mastaan 
2. Sk. Parveen 
3. M.V.L.Sirisha sirisha
