The teaching process of the faculty is monitored by the IQAC and the Academic Coordinator through the submission of an Annual Curriculum Plan, teaching notes, and a teaching diary. Monthly reviews are conducted during staff council meetings. Additionally, an Academic Audit by the CCE at the end of each academic year evaluates all aspects of the teaching process and assigns grades.

Admissions improved from the academic year 2023-24 to 2024-25 from 588 to 717. The learning process involves students submitting assignments, participating in seminars, undertaking project work, engaging in field trips, hands-on practice modules, and virtual lab activities. These submissions are monitored by the faculty and uploaded into Google Classrooms managed by the respective subject teachers. Faculty members oversee student progress on a subject-wise basis.

Group counselors monitor student participation in Clean and Green initiatives, literary and cultural activities, attendance, and other extracurricular engagements. Result analysis is conducted at the college, course, teacher, and program levels. This analysis is led by the Head of the Institution in staff council meetings, with the assistance of the Vice Principal, Academic Coordinator, and IQAC committee.

Research publications in 2023-24 is 26 only and in the academic year 2024-25 is 50 up to February 2025. The institution periodically reviews its teaching-learning processes, operational structures, and learning outcomes through its IQAC, adhering to prescribed norms.
