**Inhcharge Mrs M. Sravanavalli garu gave the opening remarks and advised the students to develop research zeal and aim for high goals and work towards respectable careers by improving knowledge and academic skills . Madam explained the positive outcomes of such Career Guidance Guest Lectures and how the students can benefit from such Lectures**

He also explained various career opportunities in Biology areas and said that Career guidance will help the students to fulfill their aspirations by setting up realistic goals. Career choice will determine the future of the students not only by providing them their dream job but also by providing them a better future with job satisfaction.

Career Guidance acts as the backbone of the education sector and empower students in making the right career choices early on in their lives.

Career counseling for students or the career guidance process involves college students exploring various career options, understanding more about the opportunities, analyzing the career prospects and earning potential. The process also includes an all-inclusive career assessment test which evaluates individuals' explained

Students expressed their doubts and got clarification on various employment opportunities in Biological Sectors . The Department of Botany Faculty felicitated the Resource person and expressed their Gratitude .
