Department of Botany SRR & CVR Govt Degree College Organized Floriculture, a skill development activity on 3.11.2017.

Pre Preparation /Action Plan :

1. For Organizing this program students took the initiative and identified the required flowering plants in the college premises and surrounding areas and collected the seeds and planting material .

Motive of this program:

Developing Skills in Botany students in the area of Floriculture , training them in the aspects of Floriculture stage by stage .

Report:

Students of II BZC learnt the aspects of Floriculture in flowering plants like chrysanthemum, Tagetes , coleus and few flowering plants in the garden As distinguished from nursery crops, floriculture crops are generally herbaceous .

Floriculture includes cultivation of flowering and ornamental plants for direct sale or for use as raw materials in cosmetic and perfume industry and in the pharmaceutical sector. It also includes production of planting materials through seeds, cuttings, budding and grafting.

Faculty trained them and made them grow the flowering plants in flats or trays, in pots usually inside a controlled environment .

Faculty made the students aware about Farming flowers , and basic aspects of floriculture, such as spacing, training and pruning plants for optimal flower harvest and post-harvest treatment such as chemical treatments, storage, preservation and packaging.

Through this Floriculture training Botany students were able to learn the concept of floriculture . They were able to understand the measures to be taken during floriculture.
