DEPARTMENT OF BOTANY

Dates	August 2017
Conducted through (DRC/JKC/ELF/NCC/NSS/ Departments etc.	Department
Nature of activity (seminar/Workshop/Extn. Lecture etc.	Extension activity/ Skill development
Title of the Activity	Maintenance of Medicinal Plants
Name of the Department/Committee	Department of Botany
Details of Resource Persons (Name , Designation etc.,)	B.SC BZC Students
No of students participated	50
Name of the Lecturers who planned & conducted the activity	Planned and Organized by Mrs M. Sravana Valli Lecturer In Charge Mrs D. Jyothi, Lecturer in Botany
Remarks	This Maintenance of Medicinal plants training was a success and students involved with much interested in this activity

Department of Botany SRR & CVR Govt Degree College initiated maintenance of medicinal plants, a skill development activity in August 2017.

Pre Preparation /Action Plan :

1. For Organizing this program students took the initiative and identified the useful general medicinal plants in the college premises and surrounding areas and collected the seeds and planting material .

Motive of this program:

Making the students aware about the taxonomy . medicinal importance significance of medicinal plants in human life .

Significance and Report:

Medicinal plants will be useful for Maternal and Child health care, as essential drugs, in food and nutrition, for common illnesses and injury, for endemic infectious diseases, mental health and oral health.

Students grew Medicinal plants such as Aloe, Tulsi, Neem, Turmeric and Ginger which cures several common ailments. These are considered as Medicine and home remedies.

Day by day we are moving away from nature . Herbs are natural products, they are free from side effects, they are comparatively safe, eco-friendly and locally available. Traditionally there are a lot of herbs used for the ailments seasonally. There is a need to promote them to save human lives.

These herbal products are safe in contrast to the synthetic drugs which are regarded as unsafe to humans and the environment. Although herbs are best and safe medicinally initially for centuries, the synthetic products surpassed their importance, since many years Recently people are returning to the naturals with hope of safety and security.

By maintaining medicinal and herbal plants in the department and botanical Garden students were able to learn the significance , steps and process of maintenance of medicinal plants . They were able to understand the measures to be taken during maintenance of medicinal herbal plants in Garden and dept .
