# Assesment

The programme gave students a platform to understand the concepts which are commonly used in Stock Market. History of

## Procedure And Outcome

Stock market, its role in trading its functions also taught. It also gave them insights into working of Stock Exchanges, brokers and their activities, pattern of trading and settlements were taught & explained keeping in mind the contemporary market & changes ahead.

The program also centered on bettering crucial skills of individual's personality, professional communication and Emotional intelligence; that helped the students become corporate and life ready. Each of these skills is instrumental in preparing the overall development and outlook of students. After understanding these concepts, the students can apply for jobs at Banks, NBFCs' & Financial Institutions as well as stock markets.

Participants were evaluated through quizzes, participation in discussions and presentations. Students were given assignments and slip tests.

All students successfully completed the 30 Hours Certificate course in Stock Market and acquired their certificates.

## Certificate
