DEPARTMENT OF BOTANY

Dates	9.9.2017
Conducted through (DRC/JKC/ELF/NCC/NSS/ Departments etc.	Department
Nature of activity (seminar/Workshop/Extn. Lecture etc.	Student Seminar
Title of the Activity	Student Seminar
Name of the Department/Committee	Department of Botany
Details of Resource Persons (Name , Designation etc.,)	B.SC BZC Students
No of students participated	23
Name of the Lecturers who planned & conducted the activity	Planned and Organized by Mrs M. Sravana Valli Lecturer In Charge Mrs D. Jyothi, Lecturer in Botany
Remarks	This Seminar was a huge success and students were much interested in this activity

Department of Botany SRR & CVR Govt Degree College Organized a student seminar on 9.9.2017 as a part of continuous internal evaluation .

Motive of this program:

Improving Communication skills, Interpersonal skills, Oratory ,Teaching skills and removing stage fear

Report:

Students of III BZC Participated with much enthusiasm in the seminar. Students gave their lectures on their course concepts in areas of cell Biology , Genetics and Plant Breeding and few students on general topics .

Unlike lectures, seminar classes are meant to be interactive, with students delivering lectures rather than just listening to a Lecturer and taking notes. Because of this, seminar classes are great for engaging with complex ideas but less suitable for “how-to” or hands-on lessons.

Participating in a seminar has numerous benefits, including improving communication skills, gaining expert knowledge, networking with others and renewing motivation and confidence.

Student Seminars are for small groups of students studying the same course. They are normally led by a Lecturer in a seminar room. Seminars are designed for students to talk about topics in the course reading or lectures in detail, so students have to take an active part.

III BZC student seminar attained its desired objectives
