Department of Botany SRR & CVR Govt Degree College Organized Student Seminar on 5.7.2017. Students presented their topics on the concepts of Economic importance of Gymnosperms and Wood .

Student Seminar

Student of I.B.Z.C-EM has given a nice power point presentation on Economic Importance of Gymnosperm

He has clearly explained importance of Gymnosperms as wood yielding etc .

Report :

Motive :

- Improving Communication and interpersonal and debating skills
- Improvement of Teaching , presentation and analyzing skills
- Removing stage fear and incorporating Confidence in students

They explained the topics using Gymnosperm specimens , Charts available in Botany Laboratory .
Explained their General characters , Morphology , Anatomy and Significance taking the examples of Cycas, Pinus and Gnetum .

Students presented various topics of tissue culture as a part of the curriculum . Students who participated in Seminar delivered their topics with much ease and comfort . This Seminar was a suitable platform for boosting up their presentation skills, confidence skills , communication skills along with subject skills . Removes the budding stage fear in students at initial stages .The objective of this Program was successful and achieved the desired Objectives. Students participating in the seminar expressed their doubts and debated among them . The seminar was very interactive and beneficial to students .
