CLEAN INDIA MISSION

OCTOBER 1 - 31, 2021

We all know that the Prime Minister Narendra Modi launched the Swachh Bharat Abhiyan (Clean India Mission) in 2014 . The campaign has achieved several milestones in its first phase which lasted till October 2019. The second phase started in 2019 and now, during the second phase, the Ministry of Youth Affairs and Sports is undertaking the “Clean India” Program to mark 75 years of Independence from the British Rule, Azadi Ka Amrit Mahotsav

The initiative was launched on October 1 and will continue till October 31 across the country. The target is to collect garbage from every village and district in the country and protect the environment and resources. The main focus is on ban of single use plastic

Speaking on the occasion the Minister for Youth affairs Shri Anurag Thakur said I quote” We are celebrating 75 years of India's independence, our freedom fighters freed the country from the colonialists, now the youth will free the country of garbage. Freedom fighters gave 'balidaan' (sacrifice), we ask for your 'yogdaan' (contribution)”, the Minister appealed to all young volunteers to take part in the Clean India Drive.

“The earth, the air, the land, and the water are not an inheritance from our forefathers but on loan from our children. So we have to hand over to them at least as it was handed over to us.”

— Mahatma Gandhi

So the purpose of the drive is to promote “Clean India: Safe India” by following the model of converting waste to wealth.

According to the model, it is important to view ‘waste’ as a valuable ‘resource’ that can be converted into a variety of useful products, and help achieve sustainable development goals. For eg, conversion of waste plastic into liquid hydrocarbons/energy; or converting leftover vegetables, fruits peels, food into compost, etc.

The waste to wealth model is based on the concept of 5R: Refuse, Reduce, Reuse, Recycle, Recover.
