Field Trip to Kondapalli Reserve Forest

Field trips are meant for teaching certain topics in taxonomy as they appear naturally. Department of Botany organized a field trip to Kondapalli reserve forest on 25th September, 2018. Twenty students attended the field trip and were accompanied by three faculty members. Students of II and III year BZC were taken to Kondapalli to study various plants growing in natural environments. Accompanying faculty members helped the students all the way in identifying the plants and the explaining the importance of taxonomy. Students observed nearly 100 plants of different varieties growing in naturally in the forest. Students collected plant twigs to make herbarium for practical purpose.
